Perry Johnson Registrars, Inc. Announces Alpha Star Aviation Services AS9110B:2012/ISO 9001:2008 Certification

Troy, MI April 30, 2014 — Perry Johnson Registrars, Inc. is pleased to announce the certification of Alpha Star Aviation Services in quality management and quality services under the AS9110B:2012/ISO 9001:2008 standards.

Alpha Star Aviation Services (Alpha Star) is a private aviation company that provides aircraft management services including flight operations, technical support, air ambulance & VIP flight support services. They also offer aviation consulting services from aircraft acquisitions to acceptance and delivery services to aircraft completion management.

Alpha Star was formed to become a benchmark in aircraft management and private aviation business. Since inception, it has seen steady growth as well as a strong demand in its services. It is committed to providing customers with customized solutions whenever and wherever they need them which separate Alpha Star from other companies.

Alpha Star was already certified by the Saudi Arabian General Authority of Civil Aviation (GACA) under the following standards:

- **GACA – Part 125. Air Operator Certificate-Non Commercial Operations**
- **GACA – Part 135. Air Operator Certificate-Commercial Operations**
- **GACA – Part 145. Line Maintenance (Limited to Airframe, Power Plant, Propellers)**

In the search for excellence and to achieve the highest quality standards, Alpha Star decided to become IS-BAO and ISO 9001:2008 certified for their flight operations & air ambulance services and AS9110B:2012 certified for their line maintenance service. In six months these three standards were fully implemented and certified in the same certification time frame, which presented a big challenge for the company. This success was achieved due to the experienced and qualified individuals at Alpha Star who share one single vision to meet any and all customer aviation needs.

Alpha Star is the only GACA Part 125/Part 135 aviation company to be certified under the AS9110B:2012 standard and the fifth company to get this certification in Saudi Arabia.
